EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows: on page 8 of the specification, line 13, after "1998," ---now U.S. Patent 6,751,865,--- has been inserted.

The following is an examiner's statement of reasons for allowance: applicant has amended claim 9 to limit the copying device to a ballistic aerosol marking system. It does not appear obvious to one of ordinary skill in the art to add the member as claimed to the ballistic aerosol marking system of Carlini et al.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
